#### **DETAILED ACTION**

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action or the MPEP.

### Information Disclosure Statement

2. Page 4 of 5 of the IDS filed Feb 26, 2002 is missing. Applicant should resubmit this page.

#### Election/Restriction

- 3. Claims 30-31 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim.

  Applicant timely traversed the restriction (election) requirement in Paper No. 7.
- 4. Applicant's election with traverse of Group I in Paper No. 6 is acknowledged. The traversal is on the ground(s) that there is no burden on the examiner to search and examine three different inventions. This is not found persuasive because there is always a burden when several inventions are presented, even if the inventions are related. Further, applicant's IDS statement includes more than 100 US patents, more than 40 foreign patents and at least 26 journal articles, even when page 4 of 5 is missing of the IDS. Clearly, applicant considers the claims to be complicated and divergent, hence the apparent need for citing the unusually large body of prior art.

The requirement is still deemed proper and is therefore made FINAL.

## Claim Rejections - 35 USC § 102

- 5. Claims 20, 22-27, 29 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by Parker et al., US 6,263,880.
- 6. Claims 20-21, 25, 26 and 28 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by Subramaniam, US 5,861,032.

#### Conclusion

7. Applicant should review the prosecution history of the parent application to help avoid further prior art rejections.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sharon Kennedy whose telephone number is (703) 305-0154.
